

CDoCTraining: Licences for 2023

Course licences overview

Our 2023 licences offer access to our online courses throughout the calendar year. The online courses complement in-house and hands-on training for staff, embed an understanding of Prolonged Disorders of Consciousness right across organisations and refresh and update the skills of experienced staff.

The licences are designed to allow organisations flexibility to integrate the training into their staff development programmes and means that staff can study at different points in the year depending on their own schedules and learning needs.

The five courses covered by licences are: (1) '*Introducing Prolonged Disorders of Consciousness*', (2) '*Caring for PDoC patients*', (3) '*Communicating with Families*', (4) '*Law, Ethics and Best Interests*', and (5) '*End-of-Life care*'. Each course provides between 4 and 8 hours of learning. See full details of each course at www.cdocTraining.org.uk.

Licence packages

- 1. Single licence:** allows a single healthcare professional access to all five courses listed above, with the ability to study any or all of the courses throughout 2023.

Licence name	Description	Price
Single licence	Provides 1 person access to all 5 courses	£200

- 2. Full flexi licences:** provide flexible access to all five courses for multiple staff throughout 2023.

Licence name	Description	Price**
Flexi50	50 flexi-training places (e.g. 10 people access to all 5 courses or 50 different people access to one course each)	1,800 (10% discount)
Flexi100	100 flexi-training places*	3000 (25% discount)
Flexi200	200 flexi-training places*	£4,000 (50% discount)

* Organisations distribute places between staff and different courses as they wish. For example, with a "Flexi100" licence you could have 30 people do the first three courses and 10 do one of the other courses.

**A further 10% 'early bird' discount off these prices applies to payments received by 31st October 2022

- 3. Introductory course licences:** This is for organisation wishing to ensure a range of staff share a core understanding of Prolonged Disorders of Consciousness and have engaged with keys issues about the condition, definitions, and challenges.

Licence name	Description	Price**
Intro10	up to 10 places on “ <i>Introducing PDoC</i> ”	£400
Intro20	up to 20 places on “ <i>Introducing PDoC</i> ”	£720 (10% discount)
Intro40	up to 40 places on “ <i>Introducing PDoC</i> ”	1,280 (20% discount)

**A further 10% ‘early bird’ discount off these prices applies to payments received by 31st October 2022

Consultancy

In addition, Professor Jenny Kitzinger is available to support organisations in a range of ways, including visiting to contribute to workshops or reflect on learning with staff. Contact to discuss requirements and costs: Jenny.Kitzinger@cdoctraining.org.uk
